Fries with That?

**THE HILARIOUS ANTICS
OF A GROUP OF TEENS WHO
WREAK HAVOC RUNNING A
FAST FOOD RESTAURANT**

A SITUATION COMEDY FOR 9 TO 12 YEAR OLDS

Bulky's is a fictional burger chain which, like most fast-food joints, is run almost exclusively by high school students. The staff are far too concerned with friends, dating, body image, school, the in-crowd, fashion, sports, make-up, cars, the important issues of teen life, to bother much with flipping burgers. The exception is Ben, the assistant manager, who takes his job seriously - too seriously. Ben actually expects his co-workers to serve the customers! And that can be so hard to do, cause for the staff at Bulky's, life is too short to bother greeting customers with a (forced) smile and a (falsely) cheery, "Will there be Fries with That?"
